

PlusExtend 3 Series

The PlusExtend 3-10A-10M is a Power Strip rated at 10 Amps, it provides overload protection through power switch with built-in resettable circuit breaker. The PlusExtend 3-10A-10M can ensure electrical safety and also provide power for devices with cables that can't reach any nearby electrical outlets.

- > Power Switch with Resettable Circuit Breaker
- > Fire Retardant Plastic Material
- > Provide Overload Protection
- > Grounded Multi-outlet Design
- > Wall Mountable

Specifications:

| MODEL                      | PlusExtend 3-10A-10M |
|----------------------------|----------------------|
| INPUT                      |                      |
| Voltage Range              | 110 - 240Vac         |
| Frequency                  | 50Hz or 60Hz         |
| Type of Input              | NEMA 5-15P plug      |
| Cable Length               | 1M (3.9ft)           |
| OUTPUT                     |                      |
| Power Rating               | 10A                  |
| Type of Output: NEMA 5-15R | 7 receptacles        |
| PROTECTION                 |                      |
| Overload Protection        | Yes                  |
| Power Safety Shutdown      | Yes                  |
| PHYSICAL                   |                      |
| Dimensions                 | 320*50*32mm          |
